PROFESSIONAL SUMMARY

Detail-oriented QA Engineer with 2+ years of experience in Manual, API, Web, and Mobile Application Testing. Skilled in test case design, defect tracking, regression testing, and Agile methodologies. Hands-on experience with Postman, SQL, Selenium WebDriver using Python, and basic knowledge of Playwright with TypeScript. Experienced in validating REST APIs, collaborating with cross-functional teams, and delivering high-quality software solutions for product-based applications.

TECHNICAL SKILLS

Testing	Manual Testing, Functional, Regression, Smoke, Sanity, Exploratory, API Testing
Automation	Selenium WebDriver (Python), Playwright with TypeScript
API & DB	Postman, REST APIs, SQL, MySQL
Tools	JIRA, Git, GitHub
Methodologies	Agile, SDLC, STLC, Defect Lifecycle

PROFESSIONAL EXPERIENCE

Software Tester – Enbraun Technologies | Feb 2026 – Present

Product-based company specializing in workforce and resource management solutions.

- Performed end-to-end testing for web, mobile, and API-based applications used by global clients.
- Designed and executed detailed test cases and test scenarios based on business requirements.
- Conducted functional, regression, smoke, sanity, and exploratory testing across multiple releases.
- Validated REST APIs using Postman and verified backend data using SQL queries.
- Logged, tracked, and collaborated with developers to resolve defects using JIRA.
- Supported Selenium WebDriver automation activities using Python.
- Gained basic hands-on exposure to Playwright with TypeScript for UI automation.

QA Engineer – Brandsol | Dec 2023 – Nov 2025

- Executed manual test cases for web applications and validated business workflows.
- Performed UI, API, and database testing to ensure application stability and data accuracy.
- Created detailed bug reports with reproduction steps and severity levels.
- Participated in Agile ceremonies including sprint planning, stand-ups, and retrospectives.
- Assisted in Selenium-Python automation script execution and maintenance.

QA Intern – Webitech (Academic Internship)

- Performed mobile application testing and usability validation.
- Prepared test cases, identified defects, and reported issues to the development team.

EDUCATION

B.E. – Computer Science | JSPM BSIOTR, Pune | 2019 – 2023
